ESCAPING "THE DREAM JAR"

Eileen Fong began studying Chinese brush painting in 1994, and since then, has established her own style, taking liberties with calligraphic articulation and combining traditional techniques with Western-inspired imagery. Some of her small canvases and samples from her recent foray in illustrating the children's book, "The Dream Jar," are on display at The Foyer Gallery from Dec. 2 until Jan. 5.

Date: 12/18/2008
